KNEE PADS

Bend, don't break. And when you kneel before the gods of industry, strap on the only brand that puts knees on a pedestal of their own. ProFlex® Knee Pads & Kneeling Pads are positive proof there's a big difference between getting the job done right and just getting by.

YOU'VE GOT OPTIONS

Three brim lengths let you choose the look and feel that's right for your job. The micro brim offers upward visibility while the long brim is great for blocking sun and bright overhead lighting. The short brim length offers both upward visibility and shade.

8955
LIGHTWEIGHT BUMP CAP HAT

8950//8950XL
BUMP CAP HAT

HAND PROTECTION

Too hot. Too bulky. No grip. There always seems to be an excuse. But before you go bare knuckle, consider 70% of hand injuries happen because gloves aren't worn. The other 30%? Wearing the wrong gloves for the job. ProFlex® Gloves have one crazy goal in mind: to get worn. Period. You might even find they help you do the job better. (We can dare to dream, can't we?).

STOP FUMBLING THROUGH THE WORKDAY

Not only are ProFlex® 7001 Nitrile Coated Gloves soft, comfortable and form fitting for "thread the needle" precision, but their two-layer DSX nitrile coating (a.k.a. (D)ry (S)urface E(X)treme) boosts glove durability and enhances grip on dry materials and surfaces.

THERMAL GLOVES

"Cold hands, warm heart." That's what they say, right? Ha. A charming sentiment spoken by someone who's never de-iced a seven-three-seven in the middle of a polar vortex wearing gloves that weren't up to the task. When hands go cold and clumsy, things get dicey. And it's hard to believe in the warmth of your heart when you lose your grip on the job—causing damage to property, productivity and your fellow cold warriors.

COOLING HATS, HEADBANDS + MULTI-BANDS

It's time to let cooler heads prevail. Chill-Its® Cooling Hats, Headbands + Multi-Bands sop up sweat to turn hot n' bothered into heat-beating happiness—because keeping your cool (and keeping perspiration out of your eyes) is not only smart, it's safe.

MULTI-BAND CHANGE IT AS THE WIND BLOWS

Wear it as a face mask, headband, neck gaiter, do rag and more—adaptability is woven into the very fabric of every Chill-Its® Multi-Band.

6604
MULTI-PURPOSE COOLING TOWEL - PVA & MICROFIBER

Absorbent microfiber ends are a soft clean spot for wiping hands, face or glasses

Hyper-evaporative PVA provides 3 hours of cooling when wet

SUPPORTS

Our spiney senses are tingling. That can only mean one thing: somewhere nearby a lurking lumbar disaster is looming. Or maybe the dastardly and deleterious effects of repetitive motion has brought with it the sinister syndrome known as carpal tunnel. In the warehousing and distribution game, sprains and strains are perennial public enemy #1. Fear not. Your friendly neighborhood support slinger is here to thwart the evils of everyday wear and tear that can lead to the kind of chronic pain we wouldn't wish on even the most notorious supervillain.

WARM UP. WORK HARD. COOL DOWN.
The ProFlex® 1675 Back Support Brace not only promotes proper lifting technique during your shift, but it's got your back before and after with hot + cold therapy to get you ready for the day and recover for the next.

EIGHT COMMANDMENTS OF LIFTING

DID YOU KNOW?
SPRAINS / STRAINS ARE THE #1 INJURY RESULTING IN DAYS AWAY FROM WORK

- 1 Plan your lift and test the load.
- 2 Ask for help.
- 3 Get a firm footing.
- 4 Bend your knees.
- 5 Tighten your stomach muscles.
- 6 Lift with your legs.
- 7 Keep the load close.
- 8 Keep your back upright.

THOU SHALT NOT LIFT WITH YOUR BACK

THERMAL CLOTHING

Cold exposure results in hundreds of worksite injuries every year, and in the never-ending winter known as your workday, cold-related illnesses, injuries and mishaps are as relentless as your alarm clock on a Monday morning. But with the right mix of planning, regular breaks to warm up and a layering system that reacts to workloads, you'll be livin' the sub-z dream.

TRACTION

Put slippery conditions on their heels with sure-footed traction that fits fast and easy over work boots or shoes.

SOUP-UP YOUR SOLES

See how teaming up with a major airline and MICHELIN®'s winter tire experts led to the industry's most innovative spikeless traction device.

"These are great in the bin"

"...guys [wearing spikes] on a metal floor get hurt because when they go to dig their toes to push and move, they slip."

-Peter F.,
Operations Safety Manager

6325
SPIKELESS TRACTION DEVICES - WINTER CONDITIONS

TREAD DESIGN

"Block sipings" create additional tread surface area for increased grip on snowy surfaces.

PRESSURE DISTRIBUTION

Micro-pumps increase adhesion on icy surfaces.

GROOVE DESIGN

Strategically placed grooves allow for water evacuation when pressure is applied on wet surfaces.

6317
MID-SOLE ICE CLEATS - HEELED BOOT

6326
SPIKELESS TRACTION DEVICE - SLIP-RESISTANT & OIL-RESISTANT

TREAD PATTERN

Provides constant contact with slippery surfaces

SCULPTURE DESIGN

Provides adherence and adaptability on various ground conditions

HI-VIS APPAREL

Be seen. Feel heard. Whether it's considering your crew's compliance down to the last square inch of fabric or partnering to create just the right solution to reflect the realities of your worksite, we're here and we've got your be-seen back.
