

THE ESSENTIAL

ergodyne

UTTERLY OBSESSED & INTENSELY COMMITTED
TO WORKER SAFETY SINCE 1983

400 HORSES OF SAFETY SUPPORT

IT'S MORE THAN JUST (REALLY GOOD) GEAR.

It's about changing the way work is done through cutting edge innovation, powerful collaboration and industry-leading education—all in the relentless and singular pursuit to Make the Workplace a Betterplace™.

THE BRAND | Pages 4-15

Rock 'n' roll exterior, pinstripe interior.

THE GEAR | Pages 16-31

The world's leading cause of (P)ersonal (P)rotection (E)nvoy.

THE DIFFERENCE | Pages 32-39

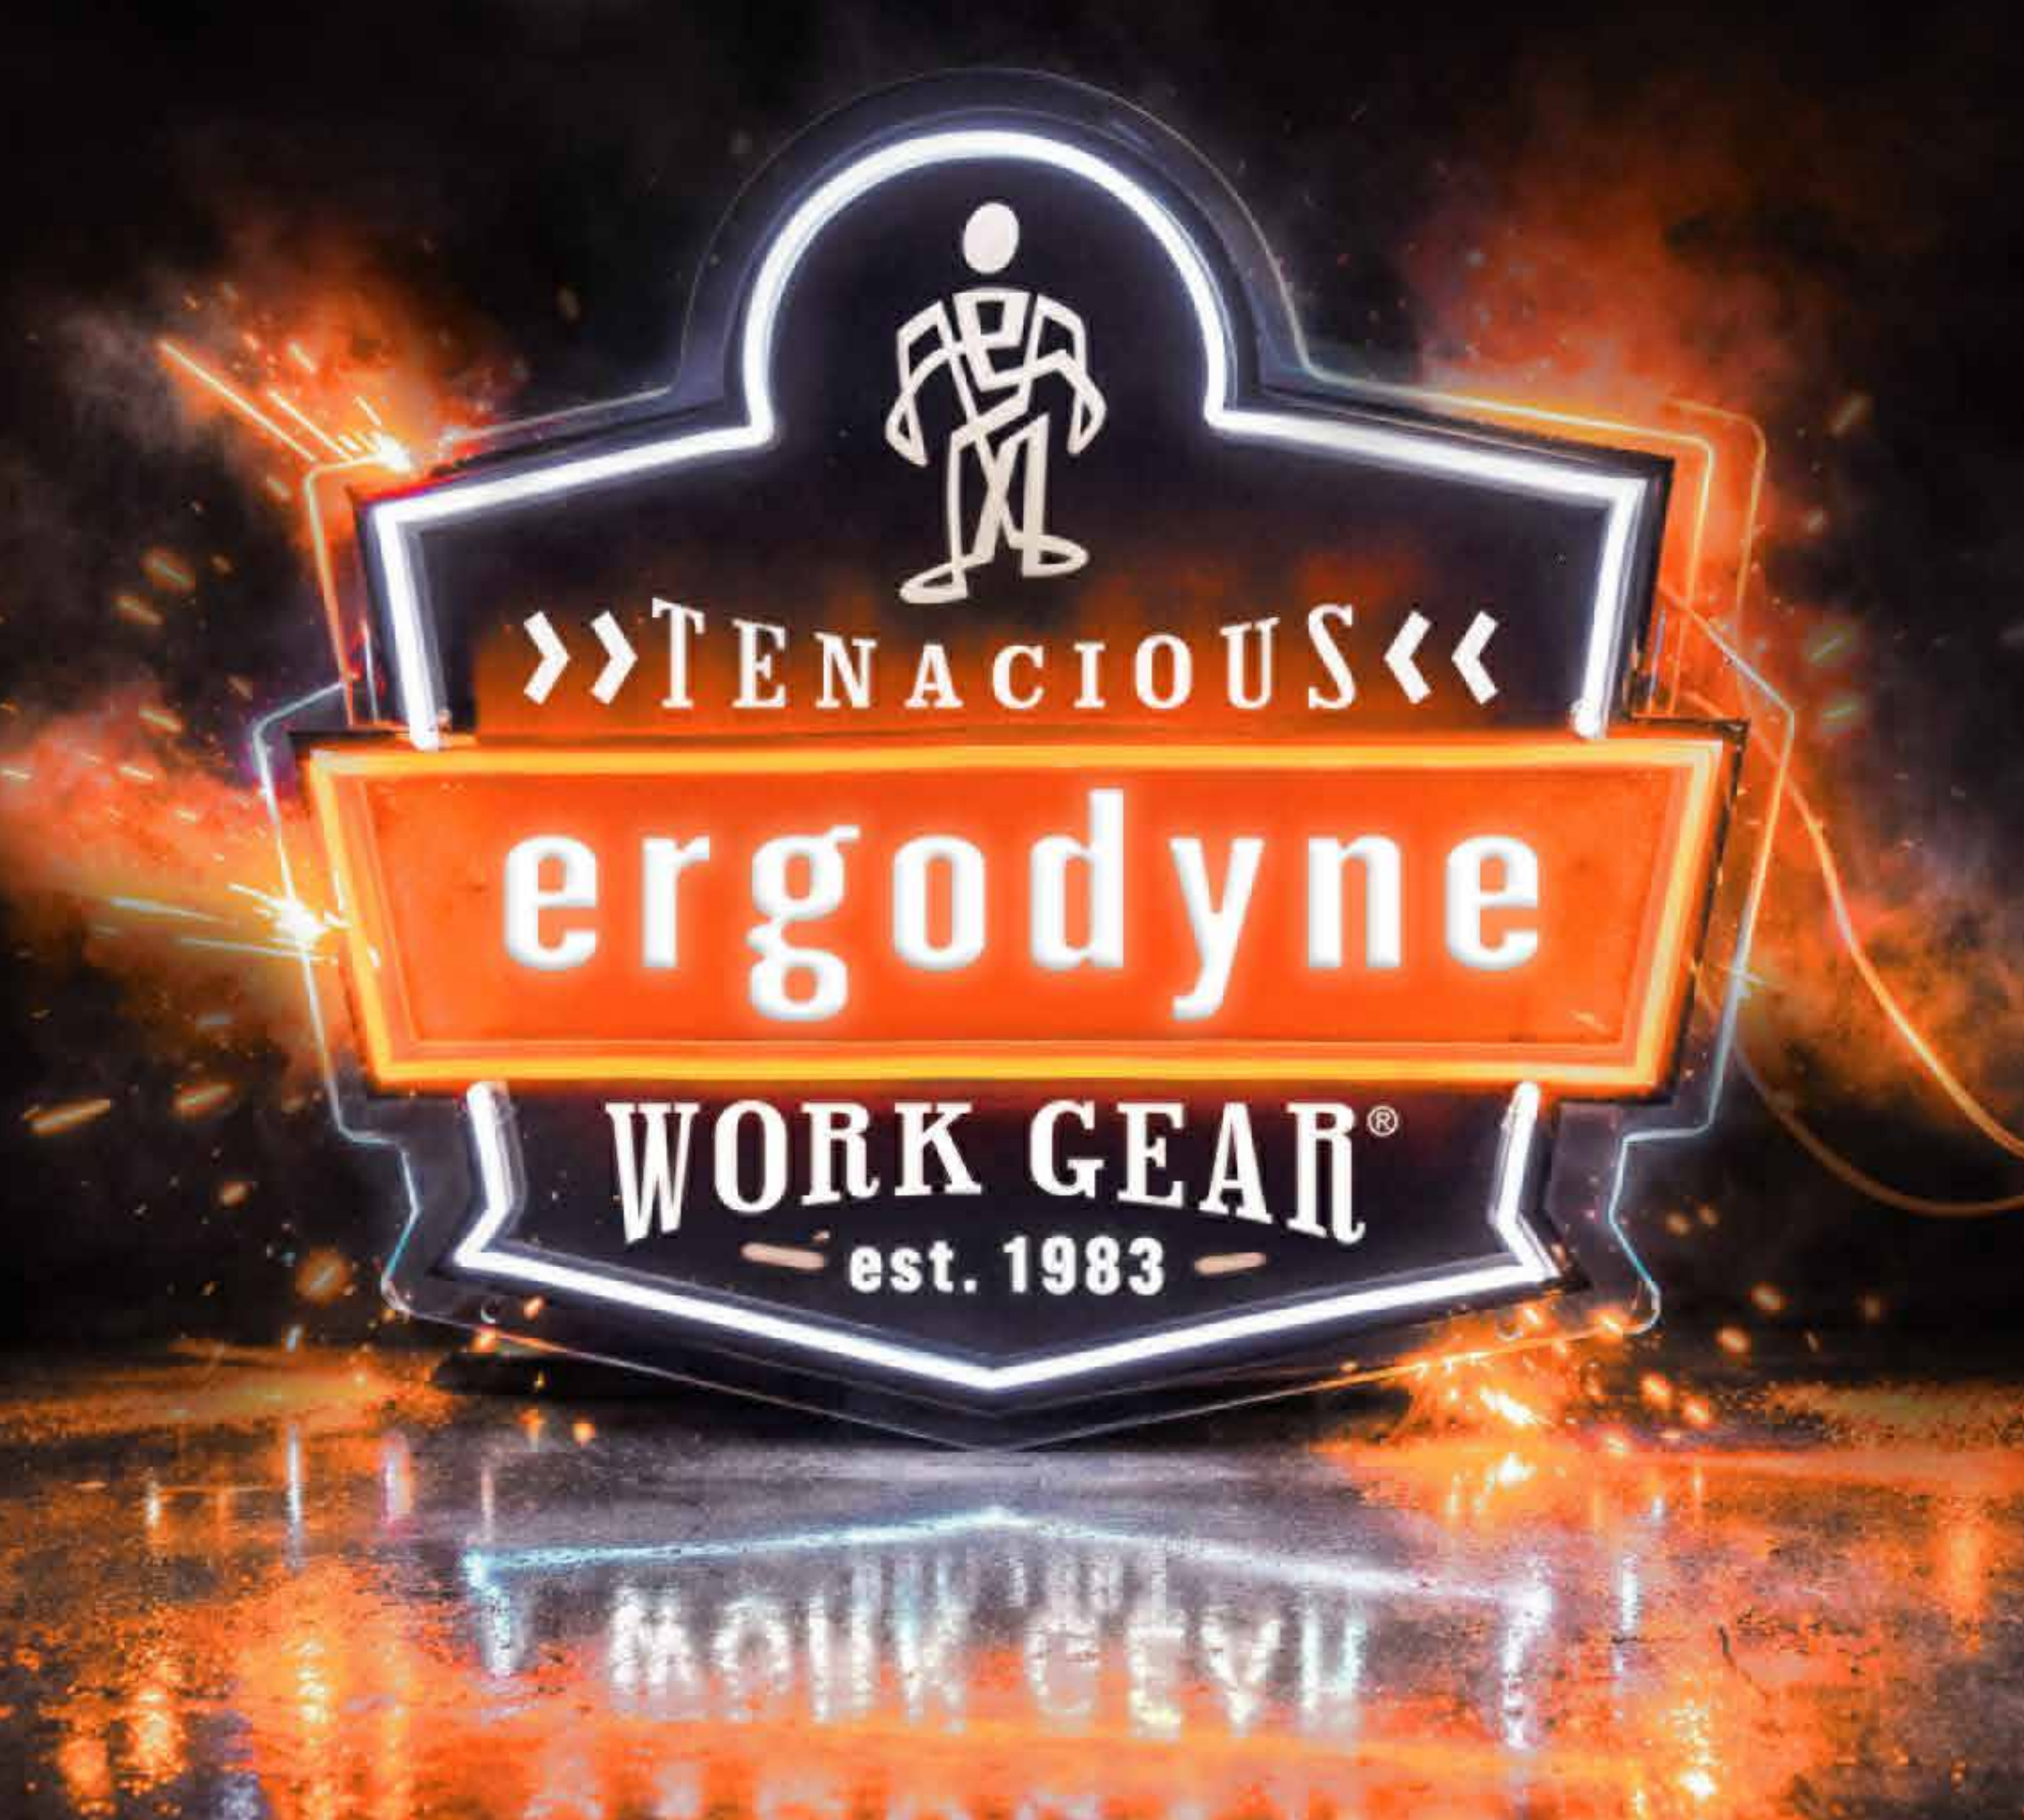

Changing the way work is done through innovation, collaboration and education.

THE SUPPORT | Pages 40-49

Tools, programs and capabilities to support the shared mission.

THE BRAND

ROCK 'N' ROLL EXTERIOR, PINSTRIPE INTERIOR

We kicked in the door of a stale and staid industry over four decades ago and haven't looked back. Behind bold designs and a brash message is a relentless ethic and exacting eye for detail that pays off our promise: Make the Workplace a Betterplace.

GENERATIONS OF INNOVATION

1983. Dr. Thomas W. Votel sparks an industrial safety revolution with a unique solution to a widespread (and costly) problem.

Four decades on, that spark has grown into a raging inferno of worksite safety innovation.

A KLEIN TOOLS COMPANY

YOU CAN'T TELL THE WHOLE SAFETY STORY WITHOUT TELLING OURS...

GET WITH THE PROGRAM

From the start, Ergodyne takes the lead in approaching PPE as one part of a programmatic preventative strategy.

A SAFETY STAR IS BORN

With the creation of the first industrial back support, Ergodyne pioneers the ergonomics category before the word is even in the dictionary.

INFINITE EXPANSION

One humble product explodes into an expanded universe of solutions with the introduction of the Tenacious Work Gear® line built around three pillars.

TOOLING UP FOR THE FUTURE

Ergodyne joins the Klein Tools family. The partnership accelerates capabilities for bringing exciting new innovation to work crews and advancing workplace safety worldwide.

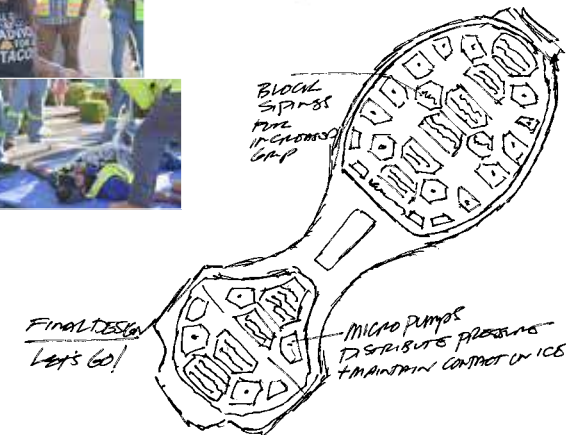

EYES ON THE HORIZON

Ergodyne remains at the vanguard of innovation, including pioneering work in temperature stress, tool tethering, head protection and much more than this space allows us to go into.

[TODAY]

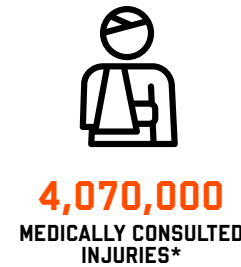

| THIS IS OUR LONG HISTORY OF CHANGING THE WAY WORK IS DONE |

AN INJURY TO ONE IS AN INJURY TO ALL.

OUR MISSION TO MAKE THE WORKPLACE A BETTERPLACE™ REACHES ACROSS ALL INDUSTRY VERTICALS

NOT ON OUR WATCH

Every 7 seconds, a worker is injured. So if you sense a bit of urgency from us, that's because there's no time to waste.

KNOW SAFETY, NO INJURIES

We move to proactively address the hazards threatening life and livelihood of work crews around the world.

MEMBERS OF THE MOVEMENT

Our mission is informed and amplified through membership in key organizations advancing worker safety, including government affairs, advocacy, standards & testing and more.

SERVING, SUPPORTING AND PROTECTING:

CONSTRUCTION • UTILITIES • TELECOM • OIL & GAS • TRANSPORTATION
MANUFACTURING • WAREHOUSING/DISTRIBUTION • ASSEMBLY/FABRICATION
MECHANICAL • MINING • MAINTENANCE • MUNICIPALITIES • FOUNDRIES
SERVICE • EMS/PUBLIC SAFETY • PULP/PAPER

AND ANYWHERE REAL WORK IS GETTING DONE

TENACIOUS IS A BLOOD TYPE

And it courses through our highly caffeinated veins like diesel through a Peterbilt 379. Every stitch, every seam, every stubborn detail in our gear is powered by real human beings who care. A lot. We obsess over it, argue about it, tear it apart and build it back stronger. Then we send it off into the world and crack a cold one to toast what's next. Because tenacity never rests and neither do we.

CAN'T FAKE THIS.
IT'S AN ERGO THING.

THE TEAM

Meet the fearless leaders and innovators steering us to the promised land, where safety prospers, productivity is at an all-time high and a freshly baked pie sits atop every kitchen window sill.

THE VIBE

It's hard to put into words, but here's the recipe: take ridiculously talented and motivated people, add a mission that matters, then sprinkle in a stimulating workspace with perks, programs and benefits that inspire a healthy, happy balance and there you have it. Magic.

THE HEART

The Golden Rule guides everything we do, including in the community where the industrious ethic of Ergodytes is put to work building homes, supporting schools and even making sure impoverished villages are equipped with a sanitary place to answer nature's call.

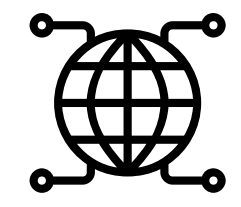

OUR HOME | INTERGALACTIC HQ - ST. PAUL, MN

Located in a former railroad maintenance facility where hard working ghosts mingle with brick and timber to create an energy that proves to be perfectly tenacious.

WORKING TO ENSURE WE MEET AND EXCEED EXPECTATIONS IN DELIVERY AND QUALITY.

GLOBAL SOURCING
FLEXIBLE. DIVERSIFIED. RESPONSIVE.

We've built a vast global sourcing network to honor our commitment to the highest quality at the fairest price.

LOGISTICS
SCHEDULING. PLANNING. ADJUSTING.

Our world-class internal logistics team pulls the levers (and moves the occasional mountain) to consistently deliver in the face of global supply chain challenges.

QUALITY CONTROL + DELIVERY
NEAR ZERO DEFECTS. 95%+ OTD.

We stand behind everything we make and guarantee our products will be free of defects in materials and workmanship to the original purchaser for the life of the product.

Change takes the courage to think differently about everything—even the most Tenacious Work Gear® on the planet. From reducing waste to incorporating sustainable materials and practices whenever and wherever possible, the Blue Marble mission honors the need to do better without compromising quality or performance, ensuring every worker heads home safe, sound and happy when the whistle blows.

LEARN MORE ABOUT THE
BLUE MARBLE MISSION

SAVING THE PLANET (AND YOUR A)**

Sourcing high-performance, post-consumer materials to provide sustainable gear without sacrificing performance or safety.

LESS IS MORE

Reducing waste and embracing recycled materials to minimize our environmental impact.

"Built like a brick ice house! I am fairly confident that this cooler will outlive me."

- Chill-Its 5170 Reviewer

DURABLE > DISPOSABLE

We have always been guided by the belief that better quality and performance ensures safer workers and less waste.

CASE STUDY»

PAPER MILL REDUCES WASTE AND PREVENTS REPEATED HAND INJURIES

With demanding conditions tearing up gloves in two weeks flat, an East Coast paper mill had long been searching for an elusive trifecta of high cut protection, breathable comfort and extended durability. With ProFlex's ASX-coated A7 Gloves, they got exactly that—**reducing waste by 37%** with a longer lasting solution that delivered better fit, feel and function than anything before it.

37% WASTE REDUCTION!

- SUPERIOR DURABILITY
- VEND-READY + BULK PACKAGING

WHY BLUE MARBLE?

Snapped in 1972 by the Apollo 17 crew, the iconic 'Blue Marble' photo forever altered our perspective of Earth, sparking an unprecedented shift in environmental consciousness.

THE GEAR

(P)ERSONAL (P)ROTECTIVE (E)NVY

Designed, built and tested to help hard-charging crews run roughshod over the workday (and look dang good doing it).

3 PRODUCT PILLARS: ■ PROTECTION ■ PREVENTION ■ ELEMENTS

15 PRODUCT CATEGORIES

What started with one product has evolved into a full-blown line of Tenacious Work Gear®—all precision-crafted to provide protection, promote prevention and manage the elements on jobsites the world over.

GLOVES

Anti-Vibration, Cut-Resistant, Coated, Dorsal Impact-Reducing, Trades, Thermal, Glove Clips

KNEE PADS

Gel, Standard, Kneeling Pads

SUPPORTS

Back Supports, Wraps & Sleeves, Wrist Supports

HI-VIS

Non-Cert, Class 1/2/3 Vests, Class 2/3 FR Vests, Public Safety Vests, T-Shirts & Polos, Sweatshirts & Hoodies, Rainwear, Pants/Bibs/Gaiters, Thermal Outerwear

HEAD & FACE PROTECTION

Hard Hats & Safety Helmets, Bump Caps, Accessories

EYE PROTECTION

Safety Glasses & Goggles, Accessories

CARRYING & LIFTING STRAPS

Ladder Carriers & Handles

MOBILE DEVICE SOLUTIONS

Harnesses & Slings, Holsters & Mounts

STORAGE & ORGANIZATION

Aprons, Backpacks, Duffel & Rolling Bags, Fire Turnout Bags, Respirator Bags, Responder & EMS Bags, Tool Belts & Pouches, Tool Organizers, Tool Roll Ups

TOOL TETHERING & DROPPED OBJECT SAFETY

Anchor & Tool Attachments, Bags & Pouches, Glove Clips, Hoist Buckets, ID Badge Holders, Retractable Tool Lanyards, Tool Lanyards, Tool Tethering Kits

COOLING

Hard Hat & Safety Helmet Accessories, Hats, Headbands & Gaiters, Hydration Packs, Coolers & Bottles, Jobsite Fans, Shirts, Sleeves & Gloves, Towels, Vests

SKIN PROTECTION

Sunscreen

SHELTERS

Pop-Up, Shelter Accessories, Umbrella

WARMING

Thermal & Heated Clothing, Hard Hat Liners, Balaclavas, Hats, Headbands & Gaiters, Warming Packs, Gloves, Accessories

TRACTION

Ice Cleats, Indoor & Outdoor Traction

PROTECTION

Head-to-toe coverage for the whole crew.

GLOVES

No-slip dips, dorsal protection, thermal, anti-vibe + loads of tech to get a grip on any job.

7521
Thermal Coated Impact-Resistant Gloves

HARD HATS + SAFETY HELMETS

Meets ANSI/ISEA standards for head protection + premium ratcheting suspension with all the accessory fixings.

8964-MIPS
Type 2, Class C Full Brim Safety Helmet with MIPS Tech

EYE PROTECTION

Multi-compliant, ultra-resilient frames + a host of advanced lenses for every work environment.

SIXTEN
Anti-Scratch, Anti-Fog+, Polarized, Mirrored Lens Safety Glasses

BUMP CAPS

Lightweight head protection with flexible fit + all over venting.

8947
Lightweight Baseball Hat + Bump Cap Insert

HI-VIS VESTS, SHIRTS + SWEATSHIRTS

Every class + type to cover all the compliance basics—and then some.

8249Z
Hi-Vis Surveyors Vest

HI-VIS THERMAL JACKETS + BIBS

High visibility meets weatherproof versatility to match wits with winter, spring or fall.

8390
Hi-Vis Winter Jacket with AmpliFIRE™ Heat Reflective Lining

HI-VIS RAINWEAR

Stay comfortably up to code in any downpour with bright, breathable waterproof fabrics + coatings.

8365
Hi-Vis Rain Jacket

HI-VIS WOMEN'S WORKWEAR

Vests, shirts, sweatshirts + more designed to (are you ready for this??) actually fit.

8278BK
Women's Performance Long Sleeve

HI-VIS HEADWEAR + ACCESSORIES

Best-in-class brightness + versatility for that head-to-toe glow.

6803
Reflective Rib Knit Winter Hat

KNEE PADS + KNEELING PADS

Innovative gel + foam technologies turn painful pressure points into soft cradles of comfort.

360
Hard Shell Hinged Knee Pads with Non-Marring Rubber Cap

BACK SUPPORTS

Firm adjustable braces for marathon days of bending, twisting + schlepping.

1675
Back Support with Cooling/Warming Pack

WRIST SUPPORTS, WRAPS & SLEEVES

Neoprene + knit compression to obey every flick of the wrist, elbow + knee.

425
Neoprene Wrist Wrap Support + Thumb Loop

THE GEAR: PROTECTION Head-to-toe coverage for the whole crew.

PREVENTION

The end of accidents waiting to happen.

HOIST BUCKETS

Tough-as-nails nylon + canvas buckets take tool security + organization to new heights.

5974
Zip-Top Nylon Hoist Bucket with Swiveling Carabiner

BELTS + POUCHES

ANSI 121-approved pouches plus heavy-duty belts + rigs so tools can go where workers do.

5517
Zippered Topped Tool Pouch

APRONS + ROLL-UPS

Strategic storage + style brings shop wear to a heightened state of order + convenience.

5874
Zippered Roll Up Tool Bag

CARRYING + LIFTING STRAPS

Transport heavy or unwieldy equipment + materials safely + smartly—from ladders to lumber.

5300
A-Frame Ladder Strap + Carrying Handle

ORGANIZERS, PACKS + DUFFELS

Pack it + attack it. Ballistic polyester, moisture-blocking bases for no-sweat storage + protection.

5877K
Softshell Tool Case Kit

PPE, FIRE + EMS STORAGE

Heavy-duty first responder bags thoughtfully designed to make every second count.

5080L
SCBA Mask Bag

TOOL TETHERING KITS

One worker. One Kit. Comprehensive at-heights collections to tether any trade.

3160
Trades Tethering Tower Climber Kit

ANCHOR + TOOL ATTACHMENTS

The right hold-on-tight solution for tethering any tool.

3174
Anchor Choke Strap for Tool Tethering 25lbs/12kg

HARNESSES, HOLSTERS + HOLDERS

Keep expensive scanners + devices safely secure and quickly accessible.

3145
Barcode Scanner Chest Holster for Mobile Computers

TOOL + EQUIPMENT LANYARDS

Coils, swivels, shock-absorption + enough weight capacity for every tool in the box.

3108F(x)
Single-Locking Carabiner Lanyard

RETRACTABLE TOOL LANYARDS

Work, retract, repeat with durable patented designs of tool-touting safety + convenience.

3002
Retractable Tool Lanyard Locking Carabiner Loop 2lbs/.9kg

GLOVE CLIPS

Hold gloves, glasses and darn near everything else close at hand.

3420
Swiveling Glove Clip

THE GEAR: PREVENTION The end of accidents waiting to happen.

THE GEAR: PREVENTION The end of accidents waiting to happen.

ELEMENTS

Do work,
weather or not.

HEAD + NECK COOLING

Advanced cooling towels, headwear + gaiters turn hot n' bothered into heat-beating happiness.

6602
Cooling Towel

VEST + ARM COOLING

Dry evaporative, wet evaporative + phase change tech for heavenly relief indoors + out.

6210
Phase Change Cooling Vest

COOLING ACCESSORIES

Easy-to-install liners, shades + sweatbands prove cool + compliant don't have to be mutually exclusive.

6661
Universal Hard Hat Brim w/ Neck Shade

HYDRATION

Keep crews chuggin' cool, clean refreshment with industrial coolers, hydration packs + water bottles.

5160
3L Essential Low-Profile Hydration Pack

SKIN PROTECTION

Broad spectrum SPF 50 tested + formulated to withstand the daily grind.

6355
32oz Lotion SPF 50 Sunscreen

POP-UP TENTS + UMBRELLAS

The ultimate in instant shelter, rugged polyester, UV/PU coatings, durable steel frames, sidewalls + more.

6056
Pop-Up Tent Kit

COLD STORAGE SOLUTIONS

Head to toe comfort from loading dock to blast freezer... this way to microclimate mastery.

6476
Insulated Freezer Jacket

THERMAL CLOTHING

From long sleeves + long johns to bibs + jackets, start warm to stay warm.

6495
Rechargeable Heated Vest

THERMAL HATS, HEADBANDS + GAITERS

Fleece favorites meet space-age tech for high-performance headwear that brings the heat.

6801
Winter Skull Cap with LED Rechargeable Light

THERMAL LINERS

Build a brain bonfire with bulk-free thermal coverage in a variety of lengths + styles.

6852
2-Layer Shoulder Length Winter Hard Hat Liner

THERMAL BALACLAVAS

High-tech layers, FR fleece + versatile styles for custom comfortable coverage.

6823
Wind-Proof Hinged Balaclava

TRACTION DEVICES

Turn the slick glare of tailbone-busting slip-ups into a walk in the park with sturdy stepping options.

6306
Ice Traction Cleats

INNOVATION

Churning out the most Tenacious Work Gear known to man is a nonstop fight against the forces of complacency and mindless trends.

BUMP CAP BREAKTHROUGH
ENSURES SAFETY FOR ALL!**

A commitment to inclusivity results in a head protection advancement addressing a broader range of head sizes and hairstyles—making sure no worker is left behind.

When one of the country's largest transportation networks came to us for head protection help, they found existing bump cap designs didn't play nice with every head shape or hairstyle—and for too many workers, that meant choosing between comfort and compliance.

COMPLIANCE
COMFORT

THE PROBLEM: ONE SIZE FITS... SOME

"We were consistently seeing head-strike injuries show up in our top ten year after year," said Lila, a safety manager for the network. "You can't engineer out tight spaces or low-clearance areas, but you can design smarter protection for the people working in them."

What they didn't want to do, however, is say "here's one bump cap... wear it." They needed something that worked for everyone—that fit right, stayed comfortable and still worked with other PPE.

THE PROCESS: VALUE EVERY VOICE

Instead of designing in a vacuum, we teamed up with the real experts—frontline workers—at the center of the process. Lila had about 200 team members trying on bump caps from every manufacturer and the preference was clear.

"But what stood out most was Ergodyne saying, 'Yeah, we'll make those changes.' You don't see that much in this industry."

THE PAYOFF: HEAD PROTECTION FOR ALL

The result: a lightweight, breathable, flexible bump cap insert designed to fit more head shapes, hair types and working conditions than ever before.

"The goal was to make sure every worker had protection that fits and that they actually want to wear," said Lila. "It's not about how many we buy—it's about doing what's right for the people wearing them."

FLEXIBLE FIT
FOR WIDE RANGE OF HEAD SIZES

COLLABORATION

Tenacious Work Gear is built and tested with worker input. Always.

FROM THE GROUND UP

THE BEST IDEAS ARE BORN IN THE DIRT

While they're out there building, serving, delivering and maintaining, we're out there with them.

Watching. Listening. Learning.

Then bringing those insights & observations back to the lab to craft the most Tenacious Work Gear on the planet—designed, built and tested to help hard-charging crews run roughshod over the workday (and look dang good doing it).

"Helping Ergodyne develop tool storage solutions and evolving the very notion of what safety is has been incredibly rewarding."

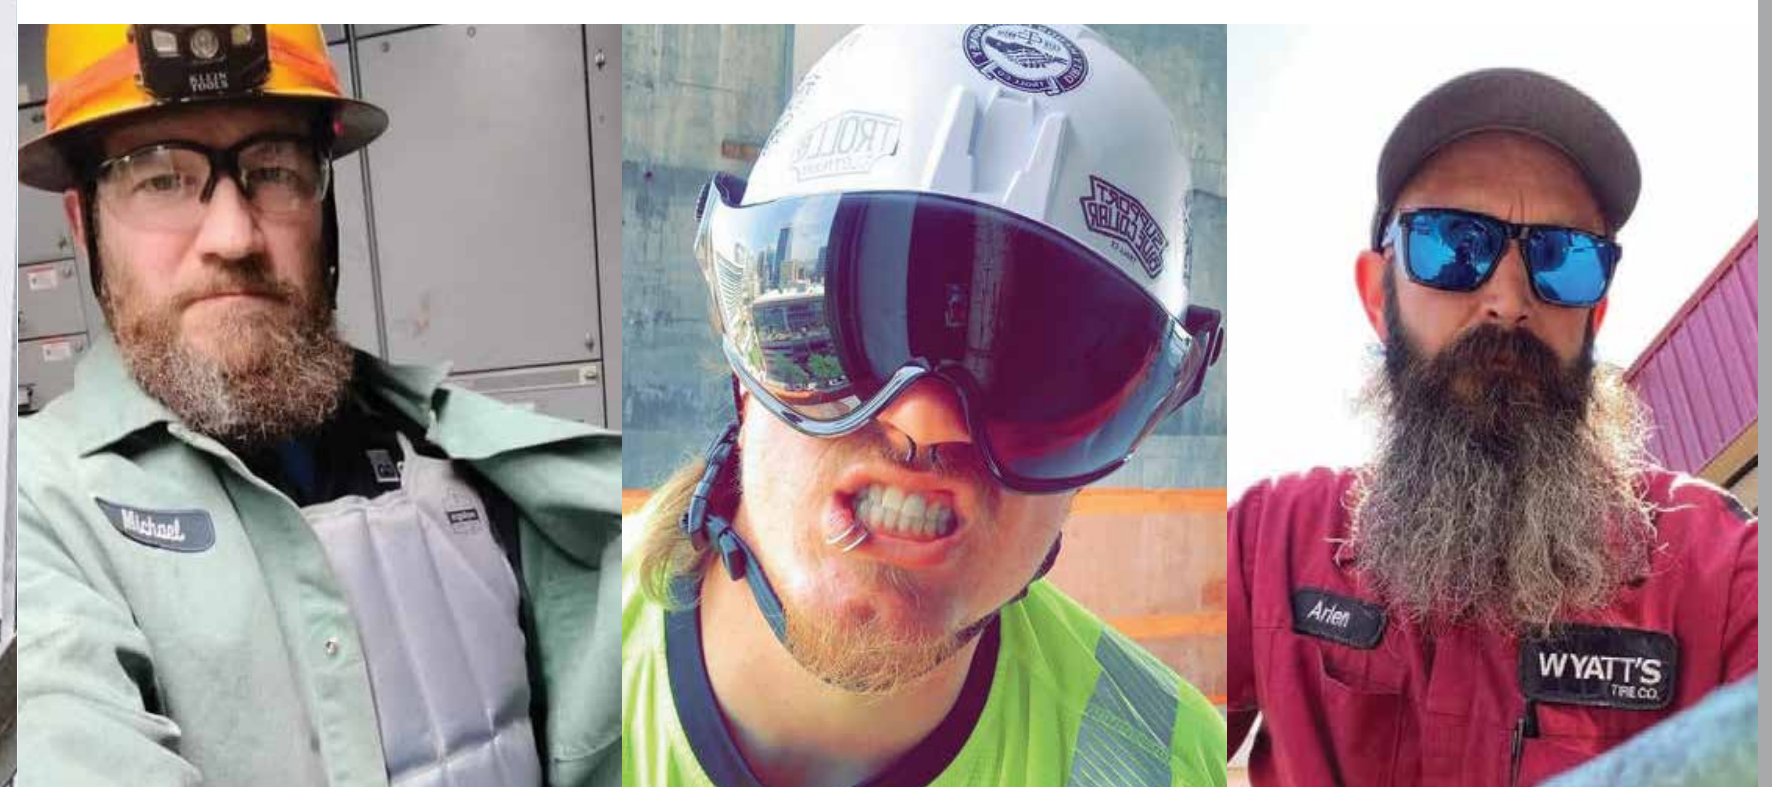

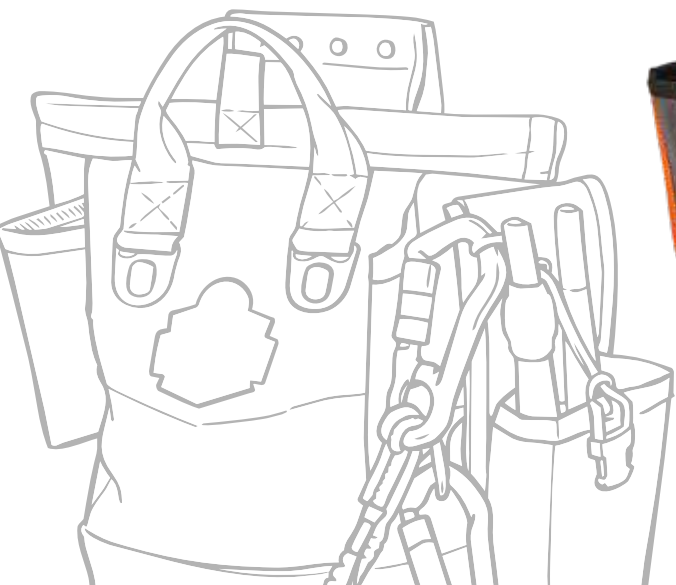

- Brian Bicknese
Director of Safety, Telecom Industry

TOPPED TOOL POUCH
DESIGNED
WITH BRIAN

5527

- ANSI/ISEA 121 COMPLIANT
- LANYARD ATTACHMENT POINTS
- JOBSITE DRIP

Meet the boots on the ground pushing us to pure product perfection.

We obsessively design, test and retest every single solution we bring to the workforce. But that doesn't mean we clock out when our gear hits the job site. Our army of Tenacious Testers keeps pushing us—and worker safety—to perfection with the kind of insight that can only come from time in the trenches. Your reviews, your reports from the field, become our improvements.

So, go ahead. Give it to us straight. Your unvarnished input is what we need to keep reaching for the stars. All five of them. ★★★★★

"The way Ergodyne gets people to test their products is how everyone should be doing it...it shows they truly care about the feedback."

EDUCATION

Helping you and your crew work safer, smarter and just plain better.

SAFETY WITH A SIDE OF GUAC

Hittin' the road to deliver life-saving education AND TACOS!

"Our mission with Project H.E.A.T. is to make sure emergency action never needs to happen. With the right approach, it's absolutely possible."

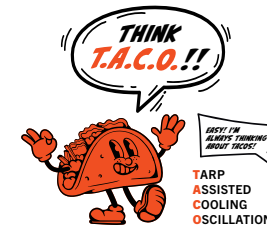

- Lexi Hagler
Ergodyne Product Manager & Heat Safety Advocate

BRINGING ALL THE FIXINS TO HEAT STRESS SAFETY.

Because the quickest way to the brain is through the stomach.

From prevention education and cooling gear demos to jobsite activations (and yes, tacos), Project H.E.A.T. (Heat Education Awareness Team) is all about giving crews what they need to beat the burn.

- 1 Lay down a tarp.
- 2 Place person on tarp.
- 3 Douse with cold water/ice.
- 4 Pick up corners of tarp and move back and forth to circulate water around body until medics arrive.

ALWAYS DIAL 9-1-1 FIRST!

"...this [demonstration] could be the difference between saving a life and watching someone die in front of you."

- Jim Jones
Safety Director
