Applications

- Cold Storage/Refrigeration
- Freezer Work
- Construction
- Mining
- Service Tech Work

ProFlex® 819WP Extreme Thermal Waterproof Winter Work Gloves with dual-zone 3M™ Thinsulate Insulation are built to keep hands warm in cold temperatures. New and improved palm material and fingertip reinforcements enhance grip and protection for safe, secure handling of equipment and materials. A waterproof, breathable membrane insert blocks moisture and wind, and dual-zone insulation (80g in the palm, 150g in the back of the hand) provides extreme cold-blocking warmth where you need it.

Features

- THERMAL PROTECTION – Dual-zone insulated with 80 grams (palm) and 150 grams (back of the hand) 3M™ Thinsulate™ for extreme hand protection in cold conditions
- WEATHER-RESISTANT – Rugged ripstop shell with durable water-repellent finish and waterproof membrane insert to block moisture and wind
- SUPERIOR GRIP – New and improved palm and fingertip reinforcements are abrasion-resistant and flexible for secure handling in cold temperatures
- EASY ON/OFF – Gauntlet cuff with internal elastic cinch cord can fit under or over jacket sleeves
- DEXTERITY – Lightweight and non-bulky insulation, plus neoprene knuckle pad for flexible range of motion
- TOUCHSCREEN CAPABLE – Swipe, tap and type on smartphones and tablets with thumb and index finger without having to take the gloves off
- REFLECTIVE ACCENTS – For enhanced wearer visibility
- SOFT THUMB AREA – For wiping nose/brow area
- TESTED & APPROVED – Meets EN 388: 3423 X standard
- PATENTED DESIGN
- MACHINE WASHABLE

DUAL-ZONE INSULATION FOR WARMTH WHERE YOU NEED IT

RIPSTOP SHELL WITH WATER-REPELLENT FINISH AND WATERPROOF INSERT BLOCKS MOISTURE AND WIND
